

# Download ThinMan installation and upgrade file

## Download ThinMan installation file

The executable file needed both for a ThinMan Single or Primary Server installation from scratch and for an ThinMan Single or Primary Server update, is the same.

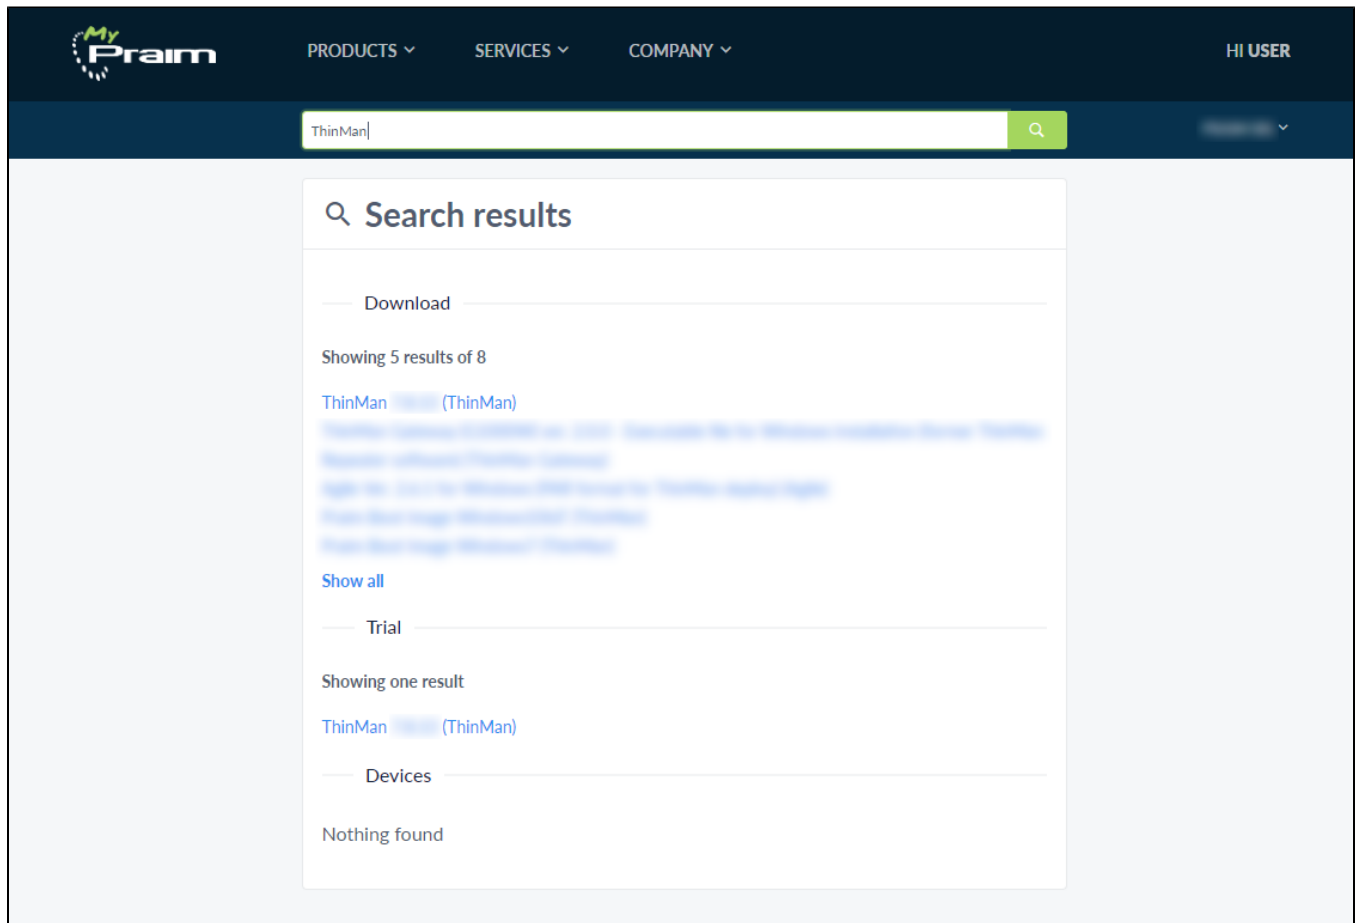

For this reason in the following page we will refer generically to this file as ThinMan installer.

You can download the Praim ThinMan installer file from your [MyPraim](#) area after you logged in.

### ThinMan Secondary Server Installer Retrieve

Actually the ThinMan Secondary Server Installer file is not available for download in MyPraim area: to obtain it please contact Praim Technical Support Service.

In order to retrieve the latest version of Praim ThinMan software, simply type "ThinMan" in the upper search bar .

The screenshot shows the MyPraim website interface. At the top, there is a navigation bar with the MyPraim logo on the left and menu items for PRODUCTS, SERVICES, and COMPANY on the right. A user profile icon labeled 'HI USER' is also present. Below the navigation bar is a search bar containing the text 'ThinMan'. The search results are displayed in a white box with a light blue border. The results are categorized into sections: 'Download' (with a horizontal line), 'Showing 5 results of 8' (with a list of five blue links, the first being 'ThinMan (ThinMan)'), 'Show all' (a blue link), 'Trial' (with a horizontal line), 'Showing one result' (with a list of one blue link, 'ThinMan (ThinMan)'), 'Devices' (with a horizontal line), and 'Nothing found'.

In the Download section you will find the link to the installation file. Click on it to proceed.
